In her first year at FSCJ, Dr. Woodard and her teams eliminated deficits in both entrepreneurial centers (CLTS and CE) and exceeded revenue goals by nearly 50 percent. She developed fast-track short-term training to meet the needs of employers in the College's service area; these programs were designed to articulate to the PSAV (Postsecondary Adult Vocational), A.S., and B.A.S. workforce program pathways. Dr. Woodard is knowledgeable of LMI and uses the information to make data-driven decisions. Prior to relocating to Jacksonville, Dr. Woodard was the VP of External Relations and Funding in the workforce division of Cuyahoga Community College (Tri-C) in Cleveland, Ohio.
